The Paper Tray Lock (PTL) is the convenient, low cost solution for paper supply control. Once unlocked the PTL Cover Plate removes easily for quick and convenient paper tray access. Mounts in minutes to the side or bottom of your printer with no tools required for installation. Simply apply the Base Plate with our patented Flex Feet to the side or bottom of your printer with our super strength Cynoacrylate Gel Glue, slide in the Cover Plate and engage the lock. It's that easy!
